Changes are coming!

Get ready to make an important choice.

Health care is changing.

Mark October 1 on your calendar! This will be the first day you can select health care coverage that meets the standards of the new health care law.

To make sure you have the health insurance you want, you'll have to act.

Here's what you need to know:

- As October 1 gets closer, look for a letter and an email from Blue Cross and Blue Shield of Illinois with specific details just for you.
- You will be able to view online all of our new health insurance plans available to you.
- By October 1, you'll get more detailed information about how to select the plan that best fits the needs of you and your family.

To learn more about the new health care law, call **866-881-0481**.

We're here to help you.
